# TRENDS

The annual **TRENDS IN REAL ESTATE SEMINAR** is scheduled for **Wednesday, April 18, 2018**, and will be held at L'Auberge Casino Conference Center.

The Commercial & Investment Division (CID) of the Greater Baton Rouge Association of REALTORS® partnering with the Louisiana State University's Real Estate Research Institute welcomes over 900 industry leaders including financial institutions, investors, brokers, property managers, developers, appraisal, title companies, and other sectors associated with both residential and commercial real estate businesses, to examine the state of the industry in our area and focus on emerging trends.

TRENDS continues to provide a critical examination and analysis of what's going on in the market-place — with an eye on what's coming.

#### **TRENDS welcomes keynote speaker, John Tuccillo:**

John Tuccillo is an economist, consultant and author. He is one of the foremost real estate and housing finance economists in the United States. His consulting practice is focused on strategic and business planning, and his experience and counsel are sought out by trade associations, major real estate and other private firms.

He was educated at Georgetown University and Cornell University, and holds a doctorate in economics. He taught economics at Georgetown from 1971-1979 and has taught in the graduate architecture program at The Catholic University of America.
